从2017年起，我司部分产品的标签除基本型号名称外，会增添一个配置码。

配置码会显示在产品参数标签上，如某款6000AH机型的其中一个配置码是4530。

通过配置码可以查询特域冷水机的功能参数、主要零件、外观及客户需求等信息，同时也缩短了机器型号的长度，加快了客户的采购过程以及为客户提供更精准的售后服务。

From 2017, in addition to basic model name, a configuration code is added on the label of some of our products..

Configuration code is indicated on the product parameter label. For example, one of the configuration codes of model 6000AH is 4530.

With configuration code, we can check the chiller's functional parameters, key components, appearance, customized information, etc.

It not only shortens the chiller's model name but also expedites customer's procurement process and enables us to provide more accurate after-sale service.
